

# Careers Policy and Provider Access Statement

**ISP School**

<b>Approved by:</b>	Local Governing Body	<b>Date:</b> September 2023
<b>Last reviewed on:</b>	September 2023	
<b>Next review due by:</b>	July 2023	

## **Introduction**

ISP provides a relevant and engaging careers curriculum which meets the differing needs and requirements of our pupils. This is developed throughout a pupil's time at the school and is always supportive of their strengths and skills.

## **Aims and purpose**

- Prepare pupils for the transition to life after ISP
- Support pupils in making informed decisions which are appropriate for them
- Provide pupils with well-rounded experiences
- Develop personal characteristics such as social skills, communication, independence and resilience
- Inspire and motivate pupils to develop themselves as individuals and live as independently as is possible

This policy summarises the statutory guidance and recommendations. It then outlines the provision of careers education, work experience and provider access.

## **Statutory requirements and recommendations**

The careers provision at ISP is provided in line with the statutory guidance developed by the Department for Education, which refers to Section 42A and 45A of the Education Act 1997 and The Education (Independent School Standards) Regulations 2014. The guidance and regulations states that all schools should provide independent careers guidance for all pupils receiving secondary education.

Careers guidance at ISP school will:

- be impartial, accurate and up to date
- enable pupils to make informed choices about a broad range of career options
- include information on a range of pathways, including apprenticeships
- be adapted to the needs of the pupil
- helps to encourage pupils to fulfil their potential

In addition, the school is compliant with the careers guidance that the government set out for delivery from July 2021: 'Careers Guidance and Inspiration for young people in schools.' This states that all schools must give education and training providers the opportunity to talk to students about approved technical qualifications and apprenticeships. Further information relating to this is set out later in this document under Provider Access.

## **Careers Provision at ISP**

All pupils have access to the following:

- Comprehensive careers curriculum - Preparing for life after ISP is a fundamental aspect of our curriculum
- Visitors in to school and offsite visits support pupils in developing their understanding of a range of different post 16 pathways.
- All pupils in Year 10 and 11 have access to independent careers advice to explore future pathways: (this will be through an online platform called Careers Pilot and other resources)
- Pupils have a support from school staff to explore careers options and opportunities: enterprise activities will be incorporated into the school curriculum

### **Key Stage 3**

- Pupil pathways onto accredited and vocational courses are planned and prepared for in KS3
- Pupils take part in enterprise projects across the school year, (with a final term focus in core subjects)
- STEM events and projects are a part of the KS3 curriculum

### **Key Stage 4 (in addition to KS3 ongoing provision)**

- One-to-one meetings with families, access to the school careers platform and independent careers advice in Year 10 and Year 11 to help inform individual routes into post 16 provision and appropriate and meaningful work experience opportunities
- Pupils in Year 10 and 11 are encouraged to undertake Work Experience, work-based placements and other opportunities.
- Access to the Polaris Apprenticeship scheme for pupils where this is appropriate and would support future aspirations.

- Visit to National Careers fair in both Year 10 and 11 with support from KS4 teaching staff.

All pupils on a work placement are covered by the employers' insurance and places of work are risk assessed.

## **Providers Access Policy Statement**

### **Introduction**

This policy statement sets out the school's arrangements for managing the access of providers to pupils at the school for the purpose of giving them information about the provider's education or training offer. This complies with the school's legal obligations under Section 42B of the Education Act 1997.

### **Pupil entitlement**

All secondary pupils are entitled:

- to find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;
- to hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events;
- to understand how to make applications for the full range of academic and technical courses.

### **Management of provider access requests**

#### **Procedure:**

A provider wishing to request access should contact Carole Cox, Head Teacher, at 01795 523900

Safeguarding policies for the school will be followed.

### **Opportunities for access**

Several events, integrated into the school careers programme, will offer providers an opportunity to come into school to speak to pupils and/or their parents/foster parents:

### **Premises and facilities**

The school will make the classrooms or meeting spaces available for discussions between the provider and students, as appropriate to the activity. The school will also make available AV and other specialist equipment to support provider presentations. This will all be discussed and agreed in advance of the visit.

Providers are welcome to leave a copy of their prospectus or other relevant course literature. This will be made available to pupils and parents/foster parents as appropriate.

## **Appendix one**

Proposed process of careers advice and guidance through Careers Pilot

### **Step 1:**

Pupils will complete initial assessments using the online platform that takes into account pupils interests, skills, likes and dislikes as well as the subjects that they are currently (or intending) studying.

### **Step 2:**

Pupils will be signposted to potential career pathways through the online platform. Pupils will be able to gain information on qualifications needed, potential entry pathways, careers progression, pay and opportunities linked to their identified careers area.

### **Step 3:**

Pupil's information and data will be analysed by the Careers MLT. The MLT will co-ordinate the careers areas that have been identified and any common links.

### **Step 4:**

External visitors in identified careers/ employment fields to be organised and opportunities for work experience to be visited.
