1. Aims

This remote learning policy for staff aims to:

- Ensure consistency in the approach to remote learning for pupils who aren't in school.
- Set out expectations for all members of the school community with regards to remote learning.
- Provide appropriate guidelines for data protection.

1.1 Occasions when individual pupils, for a limited duration, are unable to physically attend school but are able to continue learning, for example because:

- They have an infectious illness
- They are preparing for or recovering from some types of operation
- They are recovering from injury and attendance in school may inhibit such recovery
- Their attendance has been affected by a special educational need or disability (SEND) or a mental health issue

The school will consider providing pupils with remote education on a case-by-case basis.

In the limited circumstances when remote learning is used, we will:

- Gain mutual agreement of remote education by the school, parents/carers, pupils, and if appropriate, a relevant medical professional, social worker and the local authority (LA).
- Put formal arrangements in place to regularly review it and identify how to reintegrate the pupil back into school
- Identify what other support and flexibilities can be put in place to help reintegrate the pupil back into school at the earliest opportunity
- Set a time limit with an aim that the pupil returns to in-person education with appropriate support
- Remote education will not be used as a justification for sending pupils home due to misbehaviour. This would count as a suspension, even if the pupil is asked to access online education while suspended.

2. Roles and responsibilities

2.1 Teachers

When providing remote learning, teachers must be available between 9:00-12:00 and 13:00-15:30.

If they're unable to work for any reason during this time, for example due to sickness or caring for a dependent, they should report this using the normal absence procedure.

When providing remote learning, teachers are responsible for:

- Setting work such as but not limited to:
 - Maintaining the class timetable by using Worksheets on Class Dojo. Worksheets is a new feature on Class Dojo enabling students to complete work online while watching a pre-recorded video of their teacher giving them instructions.
 - Preparing Worksheets on Class Dojo with video teaching input or instructions.
 - The expectation of at least one differentiated Worksheet per subject reflecting what the students would have expected to complete if they were in class.

- This work needs to be set in time for students to access it at 9:15 every day during the week.
- Providing feedback on work such as but not limited to:
 - Once a pupil completes a Worksheet on Class Dojo, a minimum of a comment giving relevant feedback is expected from the teacher who sets the work. This can either be a comment on the Worksheet or a comment linked to a Class Dojo point.
- Keeping in touch with pupils who aren't in school and their parents:
 - Tutor times should be arranged on Mondays, Wednesdays and Fridays via Microsoft Teams at a time that suits the tutor and the pupils. Tutor times should always be attended by two members of staff, typically the class teacher and at least one class Progress Engagement Guide.
 - Teachers would be expected to reply to parent's/children's comments/emails between 9:00-15:00 but not outside these hours.
 - For any concerns shared by parents and pupils or for any safeguarding concerns, contact Mrs Kerry Keeble via Behaviourwatch
 - If a pupil is failing to complete work, then the class teacher/tutor will contact the pupil's parents/foster parents to assess the accessibility of the work and how to best engage the pupil. For instance, it might be more appropriate for the child to work on a long term project instead.
- Attending virtual meetings with staff, parents and pupils:
 - During virtual meetings with staff, parents and pupils, teachers are expected to dress appropriately and avoid areas with background noise or inappropriate background.

When providing remote learning, Progress Engagement Guides are responsible for:

- Mentoring sessions:

- Arranging a convenient time each week for each Progress Engagement Guide's allocated pupils to talk.
 - Following the session, complete a mentoring sheet and submit on SIMs.
- Providing feedback on work/cover like:
 - Once a pupil completes a Worksheet on Class Dojo, a minimum of one comment giving relevant feedback is expected by the Progress Engagement Guide to celebrate the pupil's engagement.
 - Keeping in touch with pupils who aren't in school and their parents like:
